3. Public institutions are located as follows:

a. The provincial Council is located in a five-story building on the left side of Bulevardul 23 August , coming from the center of town. The construction of this building was begun during the war years but was not completed until after the war. It was originally intended to house the Prefectura, and it houses, at present, the central loudspeaker station.

b. The Municipal Council is located in the former Victor Babes secondary school on Bulevardul Nicos Beloianis, opposite the Maxim Gorky Cinema.

c. The Provincial Militia is located in two former private dwellings on Splaiul Tudor Vladimirescu at the corner of Strada Iosif Gall. These were formerly three-story buildings, but half a story was added to each.

d. The City Militia is located on the left side of Strada Rozalia as one walks from Bulevardul Mihai Viteazul to Strada Romulus.

e. The Provincial Securitate is located in a number of former private houses on the left side of Bulevardul Nicos Beloianis as one comes from the Maxim Gorky Cinema. It is surrounded by a high concrete fence.

f. An unidentified building is located in the area bounded by Strada Cluj, Bulevardul Eroilor, Strada Nistrului and Strada Siretului. This one-story building, about 15 by 20 meters, has a number of underground floors. It is generally believed that this building is used for the storage of top-secret documents or as an air raid shelter.

g. The Telephone Exchange is located in the building on Bulevardul Lenin. The city has automatic telephone equipment and maintains wireless contact with Bucharest. Telephone numbers consist of four digits.

h. The Central Post and Telegraph Office is located on Bulevardul 23 August at the corner of Bulevardul Lenin. The same building also houses a technical secondary school for wireless-telegraphists.

i. The regional, provincial and city law-courts, the prosecutor's offices and the notary public's offices are located on Strada Ghiorghi Dimitrov at the corner of Strada Popasapca. This building, popularly known as Palatul Dicasteria, is L-shaped, four stories high, and has three entrances. It also houses the income-tax offices of the First, the Second, and the Fifth Wards.

j. The prison is located at the end of Strada Popasapca on the left side of the street when coming from downtown. A military prison was formerly located there.

k. Provincial and city Party Committees are located on Strada Marasesti opposite the Rumanian Opera House, in an eight-story building, 20 by 30 meters, which formerly housed the German Bank and the "Central" boarding house.

l. The Provincial and City UTM Committees are located on Bulevardul 23 August opposite the Provincial Council.

m. The Pioneers House is located next to the UTM Committees.

n. District Party and UTM Committees are located in the former "Madosz" building between the mental and ear, nose and throat hospitals.

o. Provincial Trade Union Offices are located in the former Crucea Alba private hospital on Strada Ilie Pintilie.

p. The Third Ward Income-Tax Office is located in the former Ardeleana bank.

q. Fourth Ward Income-Tax Offices are located on the left side of Bulevardul Jdanov when coming from Bulevardul Maresalul Tolbuchin.

4. Banks are located as follows:

a. State Bank: One building is located in the former National Bank building on Bulevardul 23 August at the corner of Strada Popasapca. Almost directly opposite, on the other side of Bulevardul 23 August, is the other building of the State Bank.

b. The Investment Bank is located on Strada Eminescu.

d. The Savings Bank is located next to the Agricultural Bank.

5. Military and Para-Military installations are as follows:

a. Fire Brigade: One barracks is located on the right side of Bulevardul 6 Martie, when coming from Piata Kutl, past Strada Vacarescu. Another is located at the end and on the left side of Strada Marasesti when coming from Bulevardul 30 Decembrie. A third is located on Strada Kunz opposite the thermal power station..

b. The Provincial District and City military commissariats are located on Bulevardul 30 Decembrie at the corner of Bulevardul V. I. Lenin and Bulevardul Nicos Beloianis.

c. A number of barracks are located on both sides of Calea Aradului near the city limits. They are used by units of the infantry and the artillery and apparently also house the Second Military District Headquarters. The barracks area and part of Calea Aradului are closed to civilian traffic.

d. The Frontier Guards' barracks are located in the area south of the cemetery on Calea Aradului, west of the provincial broadcasting station and east of the a/m infantry and artillery barracks.

e. The barracks of the signals unit of the Engineers Corps and the officers' club are located downtown on Strada Solderer at the corner of Piata Libertatii.

f. The Garrison Headquarters and a lock-up for military personnel are located near the signals unit and club.

g. The former Transilvania Barracks are used for a mechanized infantry unit's quarters, a home for the aged, and various warehouses.

h. The firing ranges are in Padurea Verde.

i. Officers' quarters have been erected on the left side of Calea Sagului when coming from downtown. They consist of a number of new four-story buildings.

6. Public buildings and services are as follows:

a. The old thermal power station is located behind the Catholic church on Piata Roosevelt.

b. The hydro-power station is located near the Strand.

c. Timisoara is connected to the national electrical grid. One connecting station is located north of the railway tracks near Padurea Verde. Another station is adjacent to the sugar refinery in Fraidorf. The city uses current for illumination at three different voltages: 110 v. AC in the First and Fifth Wards, 188 v. AC in the Third Ward, and 220 v. AC in the Second and Fourth Wards. There is no noticeable shortage of electricity in the city.

d. The slaughter house has, within its same compound, an ice factory and a water tower.

7. Industrial plants are as follows:

a. The Nicos Beloianis (formerly Prima Banat; formerly Dermata) shoe factory is located next to the Roman Catholic cemetery at the corner of No. 1 Decembrie and Stefan Cel Mare Streets. It produces various types of footwear and employs 500 to 600 workers.

b. The Bela Brainer plastics factory is located in front of the above shoe factory and on the right side of Bulevardul Eroilor when coming from downtown. This is a new plant, built by prisoners, which employs approximately 100 workers. One of its products is shoes for export.

c. A shoe-polish factory is located on Bulevardul Eroilor at the corner of Strada Nistrului. This is a new plant.

d. The IMB (Industria Metalurgica Banateana) metal ware plant is located on Calea C.F.R. at the corner of Strada Dimitrie Bolintineanu. This plant occupies a large area stretching to Strada 13 Decembrie and employs more than 1,000 workers. The plant's foundry for non-ferrous metals is located on Strada Ciprian Porumbescu and its iron foundry on Strada Telegrafului.

e. A factory for stockings that was formerly called the Standard factory is located opposite the above iron foundry.

f. The Industria Linei wool spinning mill is located at its pre-war site on Piata De Fin.
